

What is Montebello Moves?

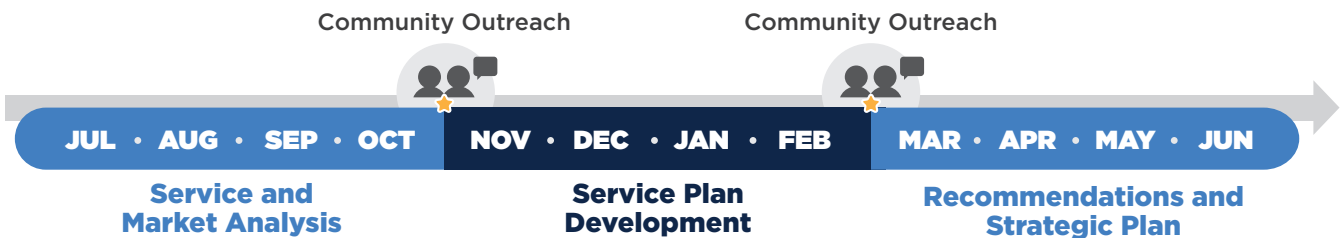

-  Montebello Moves is a year-long study that will identify how Montebello Bus Lines can improve transit service for its community.
-  The study includes multiple opportunities for community input, including a rider survey, public meetings, stakeholder discussions, and social media.
-  Montebello Moves aims to create a more efficient, connected and sustainable transit system.
-  The outcome will be a strategic plan that will guide service improvements and expansion over the next several years.

We want to hear from you!

The study provides numerous opportunities for community input, including surveys and public workshops. Here is how you can get involved:

-  Visit the project website to learn more about the study
-  Share your feedback on your experience and suggest potential improvements
-  Spread the word to your friends and family
